Arr: **March 23rd**, London to New York, American Airlines, Boeing Stratocruiser

A beautiful sunshiny day for the drive from New Haven to Idlewild Airport . . . The stopover in New York and lunch with friends gave Frances and I that added lift . . . The request by American Airlines to be photographed with Captain Hostletter, skipper of the Stratocruiser 'Denmark', perhaps because this was my second eastward crossing . . . The takeoff, the welcoming loud-speaker address by the steward and the service of cocktails have now become common-place to me . . . Twenty five minutes out and the loud-speaker announcing that due to motor trouble we are returning to Idlewild . . . A study of faces revealed no anxiety or fear . . . Arriving back at Idlewild noticed that the weather had changed . . . The call to New York intercepting Frances who returned to keep me company . . . Six hours later a new ship the 'Europe' was ready for the takeoff with skipper Blair . . . Five minutes after boarding the ship, winter's most furious snow storm started . . . My thoughts were of Frances driving the 75 miles to New Haven . . . The second takeoff and within minutes up and over the snow-clouds at 11,000 feet . . . The usual east bound passengers and the bar below decks made the hours pass quickly . . . The invitation to join the crew in the cockpit accepted with anticipated eagerness . . . At the moment in the cockpit were the Captain, First Officer, Navigator, Radio Operator and Flight Engineer as well as Captain Hostletter who was to take a ship from London to Copenhagen . . . Others in the crew include a Second Officer, another Flight Engineer, two stewardesses and a Purser . . . Two hours from Ireland then, and was informed that throughout the night we had been flying at 21,000 feet with an outside temperature of 35° below zero . . . The shower as the ice from condensation inside the cabin began to melt . . . The calmness and ease as these men did their particular jobs . . . The automatic anti-icing units by heat on this ship—no longer the flexing rubber affairs . . . The many panels with its thousands of lights and switches . . . One for the automatic carbon monoxide detectors, another for the trio of fire-control system . . . The synchronized propellers and the blades fully reversible . . . The descent to 4000 feet at the rate of 800 feet per minute . . . The stability of this 142,500 pound giant is thrown out 1% center of gravity when a person walks to the john . . . A light finger-touch on a wheel by the pilot puts the ship on an even keel again . . . The descent now to 2000 feet and the first sight of land, 'the loophead' on the Coast of Ireland . . . The first sight of lush green farms and pasture at Dover-Killkee Downs running parallel to the Shannon River . . . My thanks to the crew as I was ordered aft for the drop into Shannon . . .

After refueling the short trip to London and then on to Frankfurt . . . The arrival after the last plane had left for Berlin but with hotel accommodations ready for a girl and myself, the only two passengers bound there, provided by American Airlines . . . The pleasure at being greeted by name at the airport by ground hostesses and German customs men, both at Frankfurt and later upon arrival in Berlin . . . My old room at the Steinplatz Hotel, my European headquarters . . . Tchaikovsky's 'Romeo and Juliet' in the Russian Zone heavily larded with propaganda . . . The Vogelhandler also in the same zone really excellent . . . The former opera being spoiled for me by a 200 pound Juliet . . . Several excellent films in German topped by 'The Third Man' a must for everyone and a preview of what I would find in Vienna . . . The zither music from the movie sweeping Europe, an ear-tingling delight . . . Another tune 'Wer Soll das Bezahlen' sung and danced in almost every cafe and home . . . Result of Marshall Plan bringing comfort to the German economy, but asking who has all this money?—Who is to pay for it all?—etc. . . . The number of gals on the main street the 'Kurfurstendamm' apparently without wrist watches for I was asked, 'Have you got time, Mein Herr?' . . . Courteously I gave them the time—(time of day, Frances) . . . The six hours spent with Herr Scholtz of American Airlines who mapped out my aerial itinerary for the next three weeks.

The flight to Hamburg leaving Berlin swathed in a white fairyland . . . The courage it took to walk in a perfumed harem-like male and female friseur for a haircut . . . The delightful lunch with the American Consul in his fine bachelor apartment . . . A visit to the Atlantis cabaret enjoyable with a fine show but nudity now banned in Germany since my last visit . . . The skit sung in Hamburg, 'Was Iss Los Mit Der Marshall Plan?—Nicht Iss Los Mit Der Marshall Plan' provoking much laughter . . . The Saturday night visit with a leading numismatist and a preview of his work on the coins of Lauenberg . . . My first ride in a Germany subway (U-bahn) because I couldn't get a cab . . . Wooden coaches with three side doors opened and closed by passengers . . . Sunday morning in Hamburg—if you didn't see the ruins, looked like Peoria, Oshkosh or even New Haven.

Return to Berlin and two wonderful parties given in my honor . . . The glad news that I was voted a member of the Berlin Numismatic Association . . . The New Haven date line in a German newspaper with news that my doc who gave me the shots for my passport was awarded Italy's highest decoration . . . In the same newspaper statistics giving the number of negro babies born to German girls as 2000 . . . Price of chocolate bars and cigarettes come high . . . Curtailment of American personnel closes Truman Hall, but Harnock House still in business . . . Final preparations in readiness for my circle tour of Europe.

Frankfurt being my first stop and pleasant surprise in meeting banker friend from Berlin . . . Wonderful evening with him and another banker from Copenhagen doing the town . . . Dinner at the newly-rebuilt Frankfurter Hof—then the Kunstler Klaus and the Rheinland Cabarets . . . Rebuilding going on at a feverish pace, the modernistic influence somewhat destroying the quaintness of hundreds of years . . . The flight to Stuttgart the first place being visited for the first time . . . My reservation at the Hotel Graf Zeppelin void as this was an American installation . . . However my room at the Hotel Bahnhof was excellent . . . The scouring of shops in order to buy various items requested by collectors . . . The amazing variety of things 'Aunt Mathilda' will get—from Bavarian dolls to Meissen figurines and cameras . . . The sight of huge castles now bombed out, looking forlorn and gaunt in the bright sunshine . . . The Insel cabaret a peculiar mixture of prolonged talking by the 'maestro' on political matters and rather good dancing acts . . . The Spiel-Casino where roulette and baccarat may be indulged in and my frustration because I couldn't play due to the fast announcements by the croupier . . . The completeness of the program for the American G. I. and his family . . . Club facilities include crafts, photo lab., bingo, pinochle tournaments, hill billy hoedown, Irishmen's clam-bakes, Accordion lessons, Mad Hatters' Hop, French Frolic—the Ou la la! Gay Paree, etc. etc. . . . My first sight of the Bavarian costume for men—knee breeches and feather in hat—still worn by about 20% . . . The ride to the airport over twisting mountain roads, some very narrow, and a plane for Munich.

Munich and headquarters in the finest hotel, Vier Jahrzeiten (The Four Seasons) . . . Ride from the airport was made by entering the Karlsplatz (Ancient Gate) and passing two 'Peace' statues found on Bavarian thalers . . . The art loving Bavarians reflected in the number of antique shops . . . Of the 63,100 building in Munich only 6,100 or 9.8% were undamaged . . . The statue of Benjamin Thompson, Count of Rumford, born in Woburn, Mass., on Maximilianstr. street of my hotel . . . The Haus Der Kunst, a magnificent building and museum, now American Officers Club with the decorum of the Union League Club in New York . . . A fleeting glimpse of Nymphenburg Castle, one of the finest . . . The Theatinerchurch built in 1663 one

CONSIGNMENT D

GERMAN STATES—One of the finest collections offered in the U. S.

We are very happy in being able to bring you one of the finest collections ever offered at auction in this country. Some of the coins listed have never before been sold in the U. S. and probably will be a long time, if ever, before they are again listed. In order to help you, we are again listing this series by attributing the coins to D—(Davenport's 'German Talers since 1800', \$5.00), CW—(Coins of the World by Raymond, \$3.50) or Sch—(Schwalbach's 'The Newer German Taler, Double-taler and Double-gulden).

For your numismatic pleasure, let's have fun—

Vol. 2, No. 4
May, 1950

The Numismatist of March 1950, on page #162 stated that the 'Executive Board' concurred with the recommendation of the 'Publications Committee' and voted that the printing of 'The Numismatist' remain with the current printer, in Wichita, Kansas.

This is flagrant mismanagement and a direct violation of the A. N. A. Federal Charter which specifically says that control, by-laws and regulations shall be vested in a board of five governors. Flagrant mismanagement because the A. N. A. will spend \$7,154.81 **MORE PER YEAR** based on last year's figures for printing 'The Numismatist.' This is the increase in dues of 3,577 members. A violation of the A. N. A. Federal Charter because nothing is said about an Executive Board. Who are the Executive Board? The President and the First Vice President—With the supposedly legal ruling body of the 5 Board of Governors acting as mere rubber stamps????

This same president, M. Vernon Sheldon, who has not had the common business courtesy to answer my letter written him February 3rd, siezed the opportunity while I was in Europe to write my office stating that charges had been preferred against me. These 'charges' brought by an unnamed ANA member or members enumerated 11 statements which have appeared in previous issues of the 'Kapers.' The 'Charges' follow:

1. 'The former publishers, J. W. Stowell Printing Co., can and will again print the magazine for Half The Cost or less.'
2. 'Incidentally, the Stowell Company did not refuse to continue to publish The Numismatist, but requested they be relieved a month sooner when informed they were losing the account.'
- 3a 'Under the title 'Katen Koin Kapers' you express my sentiments relative to ANA Officers and Board. They all are out to dip their hands in the Reserve treasury and to kill it off finally.'
- b 'Neither did I approve of the change in the color of the cover of The Numismatist and always suspected that there was something 'rotten in Denmark' when they took the printing away from Baltimore and sent it way out to Kansas after the old company had printed the magazine for so many years and it seems from what is coming out, that either somebody has had a finger in the pie or there certainly was some personal reason for making the change.'
- c 'Like yourself, I do not know what is wrong, but something sure is.'
- d 'Thanks for blasting away at the ANA powers that be. I and others with whom I corresponded have been disgusted with certain goings on in the ANA for years.'
- e 'The officers of this association should be made to realize that a politician is going for one year at a time, while we, as collectors, are going on and on and unless these 'under the counter' deals are stopped, they will be.'
- f 'A typographer is a printer and a typographical error is therefore an error by a printer. This, I agree is possible but it could also have been done to gain a purpose.'
- g 'a device not provided for in the By-Laws.—This device was the printed biography of nominees with their ages which many believe was done to show Mr. Blake's advanced age (which incidentally was overstated), hoping thereby to be able to defeat him.'
- h 'Something inexplicable happened when Mr. Blake serving twenty-seven years received 2,373 votes when elected (when the votes were probably not all counted) in 1948 and only 616 when defeated in the last election. Note on page 671 October 1948 Numismatist—Gettys and Reagan each got over 3000 votes. Sheldon, Klein, Blake and Hammer all approximately 2300. Who stopped counting votes?

i 'Decision of the Board' should be just that. Too many decisions were made last year wherein one member and possibly a second knew nothing about the incident.

Has free speech been abolished in the ANA? You collectors who recognize your letters in the above quotes—sorry, I should say 'charges'—are you going to stop writing because some anonymous member says you can't?

I was given 10 days to 2 weeks (a violation of our Federal Charter) to present an answer. I cabled Mr. Sheldon from Rome asking for the same length of time from my arrival in the states on the 23rd. He wrote back giving me until the 31st, or only one week's time, and as everyone knows I had a two-day auction sale on the 24th and 25th. My attorney wired him on the 30th asking for a reasonable extension of 30 days, and requesting the name of the person or persons making the charges, asking for an open hearing, with opportunity to present evidence, face and examine the person or persons complaining, either in Chicago or other reasonable place, agreeable to Mr. Sheldon.

This request was denied by Mr. Sheldon. His letter to my attorney was written the day following the telegram. Certainly the 5 members of the Board of Governors could not have been consulted as required by our Federal Charter, unless of course he spent ANA funds by calling each one on the telephone. The letter incidentally showed that only Mr. Moss, first vice-president was getting a copy. Again I repeat, have Mr. Sheldon and Mr. Moss become the Executive Board? Perhaps that is why one A. N. A. member before last year's election wrote, 'I am afraid that you will have plenty of trouble with Sheldon, etc. . . .' How true of this prediction!

I cannot understand—or perhaps I do—why it was that 'charges' against me were made during my absence in Europe. On February 10th I attended a coin club meeting and spoke to a senior ANA Board member. I felt that some action should be forthcoming from the ANA big brass, but requested of this Board member that it not be instituted while I was abroad, but await any action until my return. If this Board member was consulted on the proposed action against me I feel sure he must have requested a delay until my return. The president was informed of my departure thru my 'Kapers' and the numismatic journals. Perhaps the Board Member was over-ruled, but this is only conjecture as us ordinary 'G. I.' members know nothing of the workings of the ANA big brass.

The A. N. A. it seems to me, is violating its Federal Charter by its own By-Laws and Regulations. They have brought 'charges' presented by a member or members whose names need not be divulged, but if I am to present my defense I would be obliged to divulge the writers of 8 of the statements of which I am 'charged.' **THIS I WILL NOT DO** until my accusers are brought face to face with me. What are they ashamed of? You ANA members who have written me during the past four months, although not requesting confidence, will not be sold 'down the river.' And while on this subject I was told that someone had intimated that I would 'be bought' before the August election and everything will be 'smoothed over.'

I wish to publicly state that I, Frank J. Katen, will not relent one iota from the campaign that I started, until conditions which have been mentioned are corrected, and, I might add, that these conditions will not be corrected until the AMERICAN NUMISMATIC ASSOCIATION is given back to the members—those same members that the secretary Mr. Lewis Reagan thinks take themselves too seriously for three or five dollars a year. To change these conditions means a clean sweep of our elective officers, with an entirely new slate for 1951.

The Modus Operandi for a new slate for 1951 is now being blue-printed. It begins with reprinting the 'Kapers' from the November issue and to include this present number, in a booklet of about 24 pages. This booklet will include any additions that may be contributed as well as a questionnaire. It will be mailed to approximately 8000 ANA members and collectors who are on my 'inactive' list and who probably do not know what has been going on. Up to the present time only about 4000 collectors have received my catalogs and 'Kapers,' these collectors being those interested in auctions. What a powerful message 8000 booklets can get across! Just

in time too, because it is no coincidence that the big brass are going into action. Did you know that APRIL is the magic month for ANA politicians? The president issues a call for nominations during the month of APRIL.

You can help in this work by sending in a check for \$5.00 and becoming a member of the 'Committee of Eighty.' The cost of this initial printing and mailing will be about \$400.00 and any deficit will be borne by me. No names, identities of location, etc. will be made of the donor. Many thanks for checks already sent in, including that fine contribution of \$25 by a club.

Worthy of Special Consideration is the following letter just received:

THE KANAWHA VALLEY COIN CLUB

Charleston, West Virginia

Affiliated with American Numismatic Association, No. 13708

March 20, 1950

A JOINT LETTER TO ALL A. N. A. MEMBERS

We have been observing a very serious situation developing for some time between the present officers of the American Numismatic Association on the one hand, and a prominent coin dealer in conjunction with some A. N. A. members on the other side.

It is our consensus of opinion that if the present course of the two parties is pursued in its present form it can lead only to a continued rivalry and ill feeling. The method of approach to a solution that is being taken by both sides is entirely inadequate to a return to harmony within the membership of the American Numismatic Association.

We do not propose a solution, but one method might be; A committee chosen by the two factions of equal numbers. For example, let each side select two men. Let these four men select an impartial fifth man to serve as chairman of this committee.

This committee of five men could proceed to conduct public or private hearings between the parties concerned.

This matter is more serious to the Association, and the A. N. A. members are the association, than is generally realized. The continued friction in its present form can lead only to a permanent rupture and division of the membership.

The Kanawha Valley Coin Club hereby goes on record as being an impartial observer in this matter.

Respectfully submitted

KANAWHA VALLEY COIN CLUB

President (Signed) M. E. Miller

Secretary (Signed) E. P. Smith, Jr.

A similar approach was suggested by us in the February 'Kapers.' A similar approach was made a number of times privately by interested members unbeknownst to me. All were turned down by the A. N. A. big brass. They do not want an investigation!

The Kanawha Valley Coin Club is to be congratulated on its courageous stand. Other clubs should write and express their views. Do not forget—The Clubs are the backbone and strength of the A. N. A. Do not forget that the A. N. A. chose APRIL to bring 'charges' against me, in order to becloud the issue that charges have been made against them during the last four months. Do not forget that this same month APRIL is when these same officers are asking you to send in nominations!

Refuting the West Coast dealer who wise-cracked in his rag that we had been repudiated by the grand 'old man' of the A. N. A. is the following letter. For obvious reasons we had not published it before, but do so now without comment.

GEORGE H. BLAKE

12 Highland Avenue

Jersey City, N. J.

Dear Frank Katen:

November 14, 1949

I received your catalogue of Sale Nov. 4th too late to send any bids, but the Pages 47 & 48 very much interested me. You and I, both were 'also rans.' I, too, offered an advertisement asking votes for myself and four others, including you, and sent a signed check, blank amount to be filled in, but everything was returned with the explanation that the Board had instructed that no electioneering advertising be accepted. . . . I told Gettys that his administration had been the most wasteful and extravagant of any we ever had. According to my figures as Treasurer, six to seven thousand dollars had been spent for travelling around the country, and for what? Everything was done legally 'by order of the Board.' Gettys was President and the Board at the same time. I would not impugn his honesty, but he was on the wrong track. The Secretary was a willing tool, as he did not want to lose his job.

In regard to myself, they knew that I did not approve of the wasteful spending which was going on, although I said nothing about it to them, until the last. They steered the election so that I received the smallest number of votes cast. Even Kort-John who ran against me, came and told me he could not understand how he received more votes than I. I cannot but feel that there was some underhandedness going on for at one of the past elections I received more votes than the president, who was elected.

I am not now greatly concerned over the matter for I expected to resign the office if elected, after a decent time had elapsed.

Kind regards to Mrs. Katen and yourself.

Yours truly,

(SIGNED) George H. Blake

As this is about to go to press I am in receipt of a short communication which may well be entitled 'The Kangaroo Court Speaks.' The letter follows:

Dear Mr. Katen:

April 11, 1950

Upon due examination of the charges filed against you by members of this Association, the Executive Board of the American Numismatic Association has voted your expulsion from membership in the American Numismatic Association as of April 8, 1950.

Very truly yours, (Signed) Lewis M. Reagan, Secretary to the Executive Board.
Copies to Executive Board.

This action was expected and steps are now being taken to allow my unnamed accuser(s), Mr. Sheldon, Col. Moss and the rubber stamp 'Board' every opportunity to answer in the United States District Court in Washington, D. C. They will be given the rights guaranteed every citizen of this country of 'his day in court'—a right denied me and guaranteed by the ANA Federal Charter.

Do not however, fall for the obvious manouever of the above gentlemen in attempting to divert your attention from the main issues. These are among others

1. Flagrant mismanagement in not saving the A. N. A. \$7,154.81 per year by changing printers.
2. Correctly balance A. N. A. books. Two issues are the Life Membership Fund and the cost of the membership directory.
3. Change the balloting system. Ballots should be printed, mailed, returned to and tabulated by an independent accounting firm.
4. Abolish or modify the proxy system.

In the meantime you can help yourself and your organization by nominating and VOTING for an entirely new slate—you can help yourself and your organization by sending your proxy ONLY to a friend who is to attend the convention, not an officer—you can help yourself, your local clubs and your national organization by talking and criticizing, when necessary—Remember, you can still criticize the President of the United States although apparently not the exalted president of the American Numismatic Association.

LET'S GIVE THE A. N. A. BACK TO THE MEMBERS AND A LAWFULLY CONSTITUTED BOARD OF GOVERNORS.

As for me—Thanks for your support—see you next month—same time—same place.

RETURN THE QUESTIONNAIRE—NOW!

PROTECT YOUR RIGHTS AS AN A. N. A. MEMBER!

SELECT A NEW SLATE

The President of the United States

has been chosen to occupy the highest office in the world; the officers of the A. N. A. have been chosen by the members. They have not placed themselves where they are by themselves. Both the President of the United States and the ANA Officers are but one of us — not one raised above us in any sense. We can laugh with both, at both and talk back to both, that is our constitutional right. The President of the United States tolerates it. The ANA Officers see fit to expel a LIFE MEMBER, deny him Advertising privileges in 'The Numismatist' after giving him one week to answer 'charges' by an UNNAMED MEMBER!

STATEMENTS HAVE BEEN MADE ABOUT OUR NATIONAL PRESIDENT, Secretary of State and other high public officials. Is there any proof that ANYONE is above reproach? Are not some of our former high public officials in prison at the present time and are others not more than likely to go there in the near future? Statements have been made in the Katen Koin Kapers that questionable incidents have occurred — incidents like —

- a. Placing Getty's name on the ballot ahead of Douglas, when everyone knows the advantage of being the first one on a ballot.
- b. Using a printed document to give brief biographies of the candidates, a device never before used, and contrary to the provisions of the by-laws which cover the point in question.
- c. Stating ages, again not provided for in the by-laws.
- d. Overstating the age of Mr. Blake who was soundly defeated, but who had won walking away in about 27 preceding elections.

Statements like these **ARE SUPPORTED BY EVIDENCE** and/or substantiated by letters received and retained as documentary evidence which will be produced at the proper time.

A. N. A. MEMBERS MAY FORM THEIR OWN CONCLUSIONS!
